

Factory's Advantage:

Sinrui's factory got ISO9001:2015 Quality Management System and has over 15 years' experience and technique in RF coaxial field.

We design and produce all RF connectors by ourselves in factory and production is mainly by automatic machines.

We equipped high frequency soldering machines for accurately assemble RF Connectors and Coaxial cables.

For every customer, we have project managers to resolve and support immediately.

Automatic wire cut and strip for Coaxial Cable

Strip machines for Coaxial cables

High Frequency Soldering Machines for RF Cable assembly

CCD ipex assembly machines

Assembly lines

High precision automatic Machining lathes for RF connectors

Quality Warranty:

All products will be 100% tested before shipment;

And our factory is equipped complete testing devices for our production inspection!

2.5 Dimension Projector tester

salt spray tester

network analyzers
